**Men,
Congratulations! You got the chance to
discover all of the unknown secrets of women
that have been kept hidden from us for the
past 5000 years!**

You must know that the majority of men
devote their entire attention, time, and
money to women.

Men love women idealistically and
unconditionally. Men are even ready to die
in order to protect their women, but they
still experience horrible outcomes like
disrespect, mockery, divorce, rejection,
cheating, false domestic violence
accusations, false rape accusations, and
much more.

Elon Musk, Jeff Bezos, Will Smith, Hrithik
Roshan, and Johnny Deep are some
examples of popular and successful men
who still have to face divorces, infidelity,
and false domestic violence accusations

Have any idea why?
because they were Completely Unaware of
the dark and raw aspects of basic female
nature.

No matter how rich, smart, or successful
you are, if you don't understand the basic
nature of women, you are going to suffer
miserably from women.

Yes! You can be a fantastic businessman,
programmer, mathematician, financial
analyst, trader, dancer, or anything else,
but your expertise in your profession is not
going to help you succeed with women.
The game of love is a completely different
regime here; you can't win without leaning
on women's secrets.

Brother, your book lays bare the mystery often surrounding a woman. It shows men how they have been fooled by modern society to even have thought of women as entirely innocent beings, capable of doing no bad.

The best part is that it is not a rant, but
contains information that you can use in real
life to deal with women effectively.

Hey brother,

Women secrets are one of the rarest books in the market which gave me a complete collection of what I need to know about women

Especially that "women's virginity" and her "experience with her first partner" was very raw and filled with uncomfortable truth

1 MOST EFFECTIVE RULE OF DOMINANCE - SAY NO MAXIMUM AND YES MINIMUM

NO gives you power. Yes does not give you power. Whenever you say no, you can feel power; whenever you say yes, you can feel love, you can feel compassion, but not power.

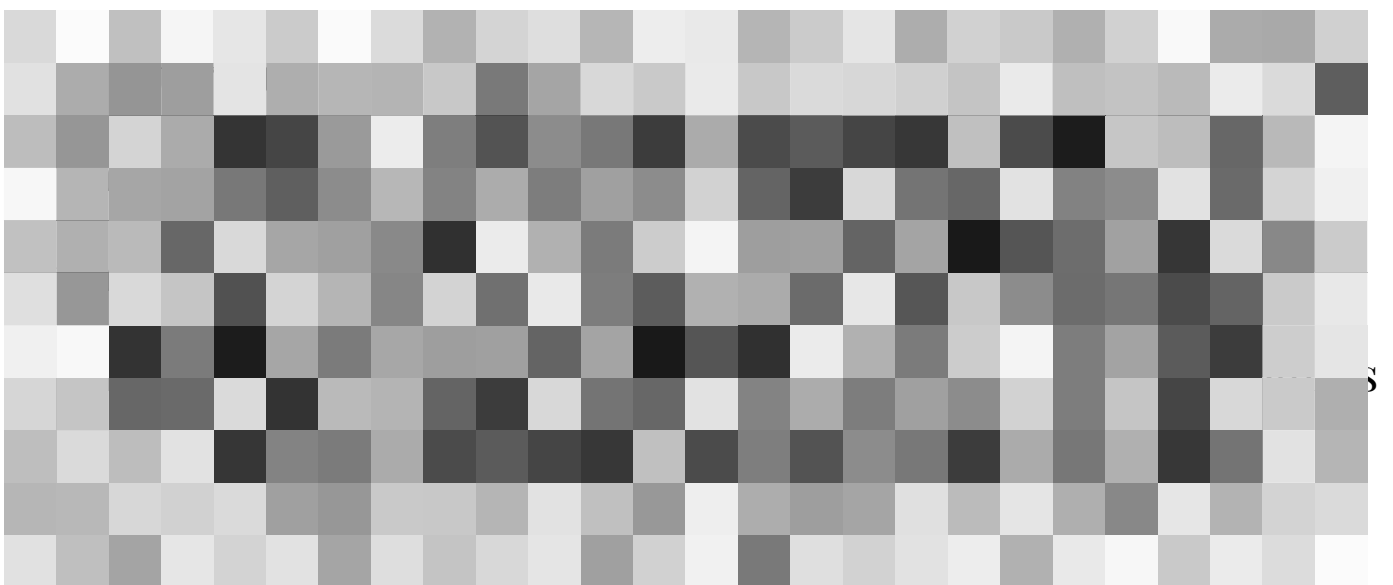

BECOME A MYSTERIOUS MAN

The less she knows about you,

The more interesting you are to her.

The man prefers not to be an open book in front of the woman until it becomes a mystery in front of her and this makes the woman attracted to him until she tries to decipher.

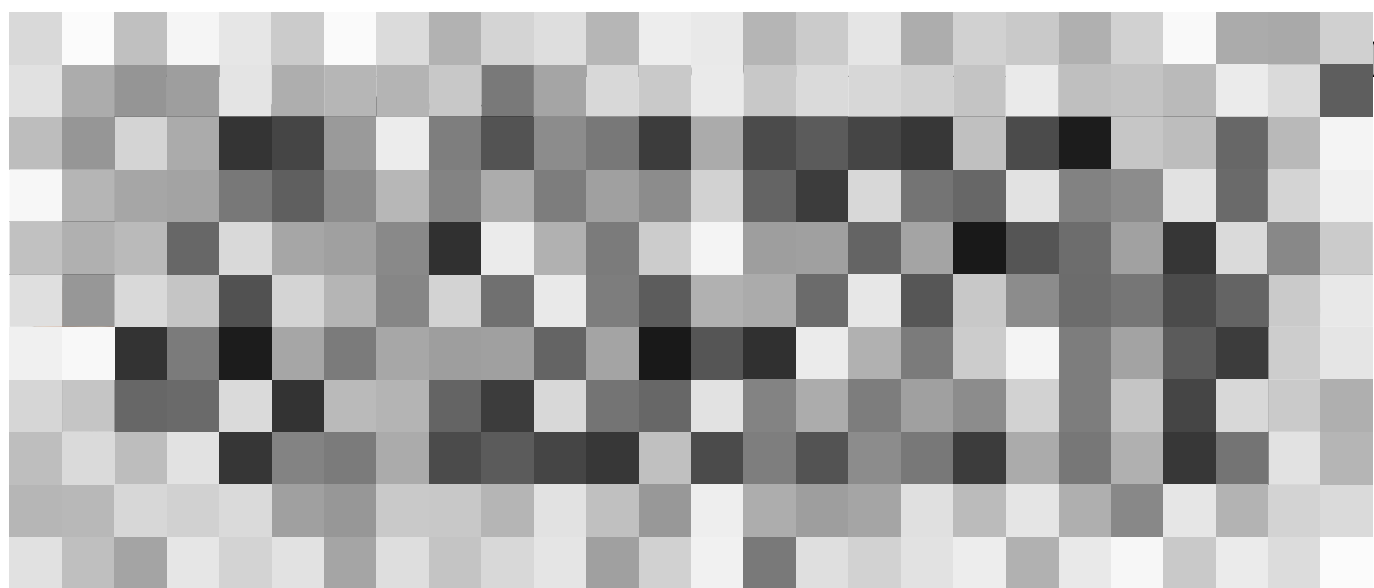

She likes to find out things for herself.

Be a closed book.

The mystery is what excites her.

Don't go on just vomiting about yourself

Instead, engage her with questions and open-ended statements to let her spit all her secrets out to you, and the more you listen she falls in love.

6. WOMEN ARE BIG LIAR

Women lie about being virgins, about orgasms, about who got them pregnant, about being raped and domestic violence, about how many people they've had Sex with, and what sort of experiences they've had.

They make a lie appear as truth, and truth appear as a lie.

THE SCOTSMAN

Scotland's National Newspaper

96% of women are liars, honest

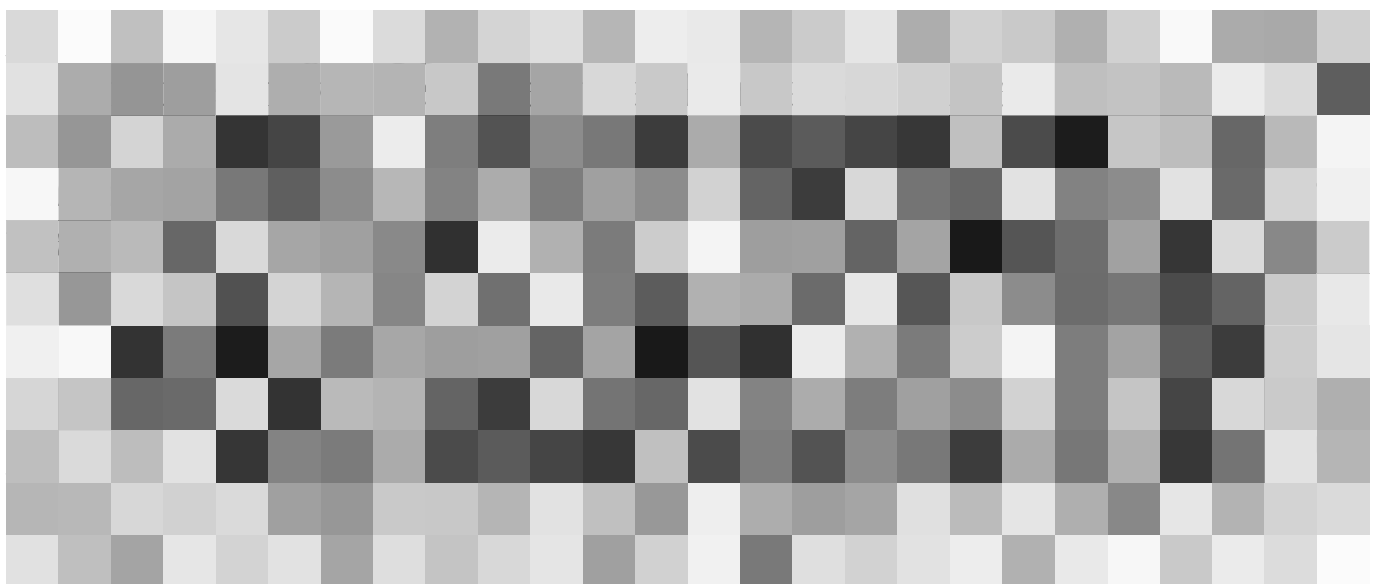

The Scotsman, EDWARD BLACK, December 9th, 2004

NINETEEN out of 20 women admit lying to their partners or husbands, a survey on attitudes to truth and relationships has found.

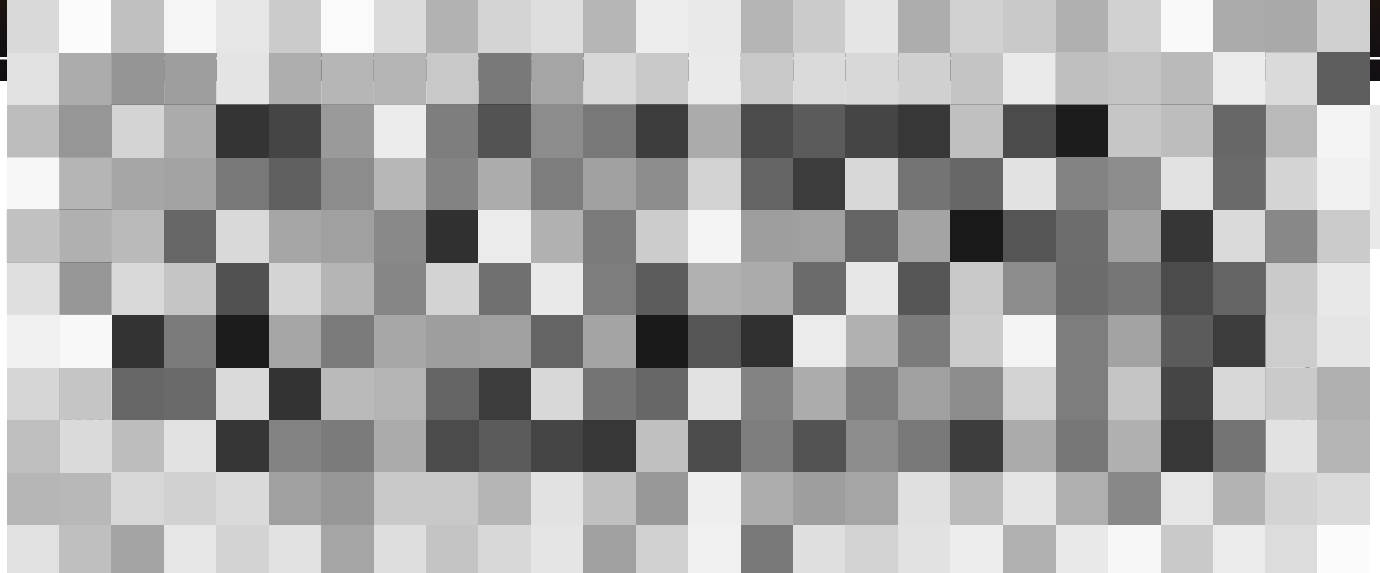

Eighty-three per cent owned up to telling "big, life-changing lies", with 13 per cent saying they did so frequently.

Half said that if they became pregnant by another man but wanted to stay with their partner, they would lie about the baby's real father.

Forty-two per cent would lie about contraception in order to get pregnant, no matter the wishes of their partner.

furthermore, when compared to ancient women, modern women have a much lower stress tolerance. They can't possibly hide the truth for much longer.

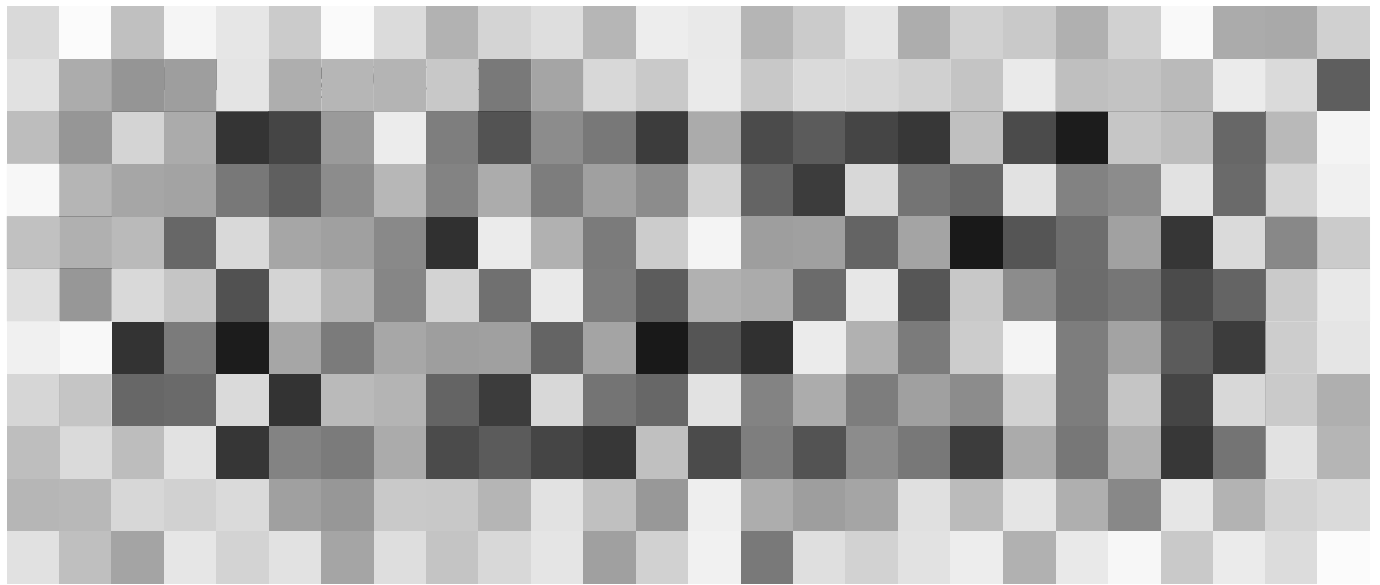

“A woman’s face is as beautiful as a fully blossoming lotus flower in the autumn season, and her words are sweet and soothing like ambrosia, but her heart is sharp like the edge of a knife.

Who can understand the intentions of women?

No one, even the god himself

No one is dear to them because their real interest is only to fulfill their desires.

For their own sake, they might even kill or assassinate their husbands, sons, or brothers.”

BONUS 3 - 1 BIG MISTAKE MOST MEN MAKE WHILE COMMUNICATING WITH WOMEN

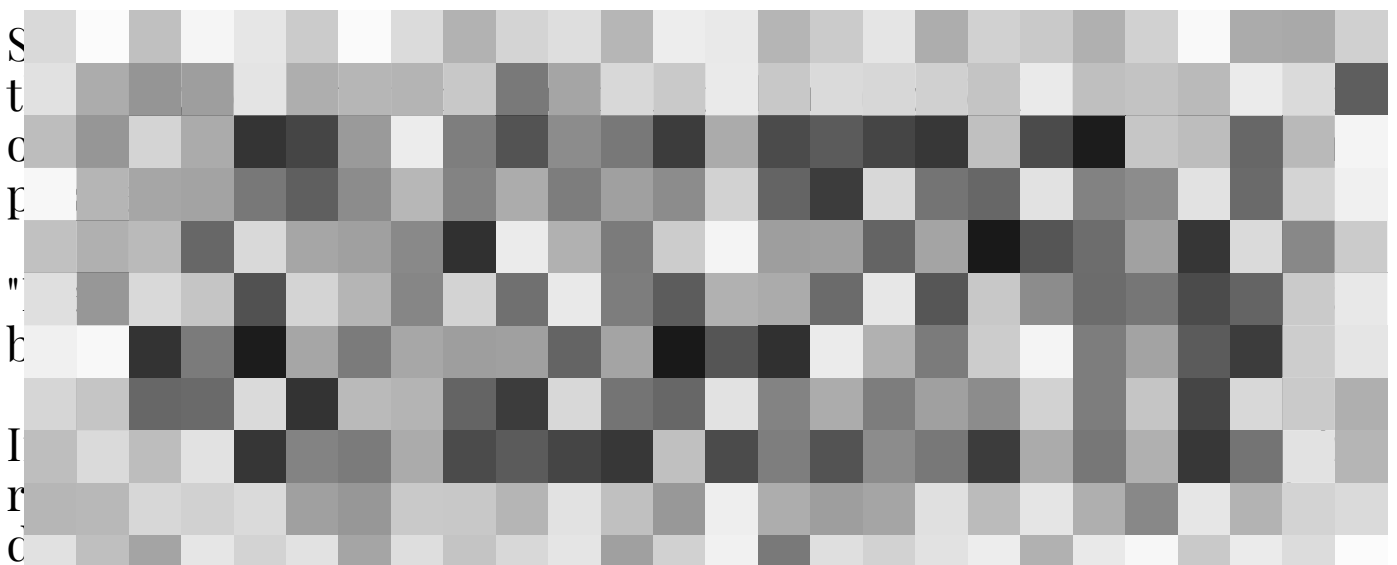

A man who does not understand how a woman is different can make things worse when trying to help.

2. Discover the ultimate pursuit of happiness for women,

Among a thousand women or hundreds of thousands, sometimes only one may be found devoted to her husband.

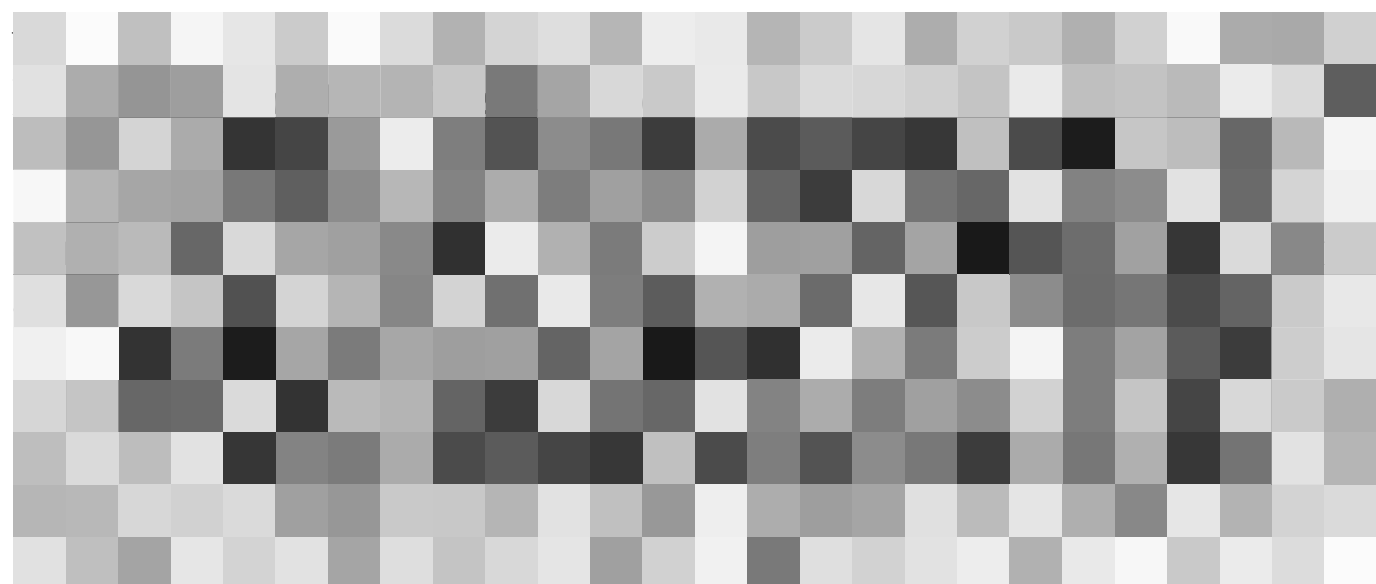

Under the influence of sexual desire, they don't care about their father, mother, brother, husband, son, and anyone.

Verily, pursuit of sex and comforts is what they consider happiness, they destroy the family to which they belong by birth or marriage, because of their uncontrolled sexual desires.

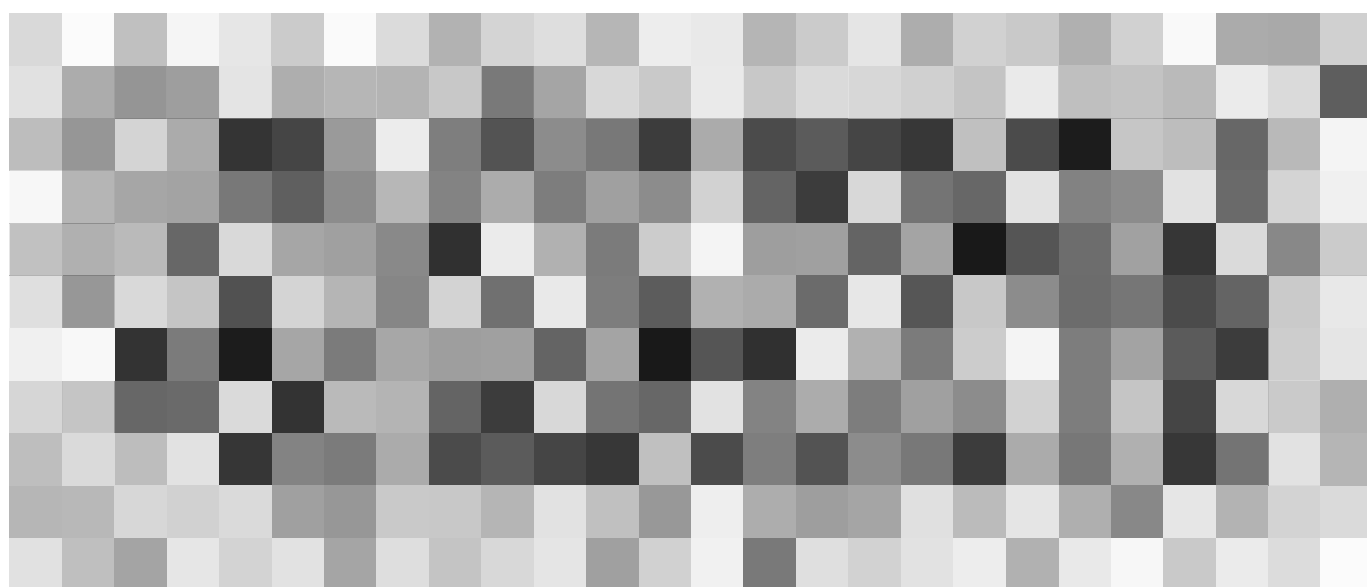

Even women that are aged are tortured by the desire for sexual union.

Men's sex is limited to genital, but in the case of women, her whole body is full of sexuality; that's why she loves both kinds of sex - soft sex (kissing, hugging, foreplay) and hard sex (penetrations).

4. What kind of Sex does she want?

SPONTANEOUS AGGRESSIVE SEX

When a lustful husband approaches his wife, the wife takes advantage of his aggressive behaviour and enjoys life.

When a woman is attacked by a man, whether it is her husband or another man, she usually enjoys the attack.

A man is always remembered for his aggression toward a beautiful woman, which is sometimes considered rape.

Although rape is illegal, it is a fact that a woman prefers a man who is an expert at rape.

Why Do Women Have Rape Fantasies?

INDIA HAD FEWER DIVORCES THAN AMERICA AND EUROPE IN THE 1990S.

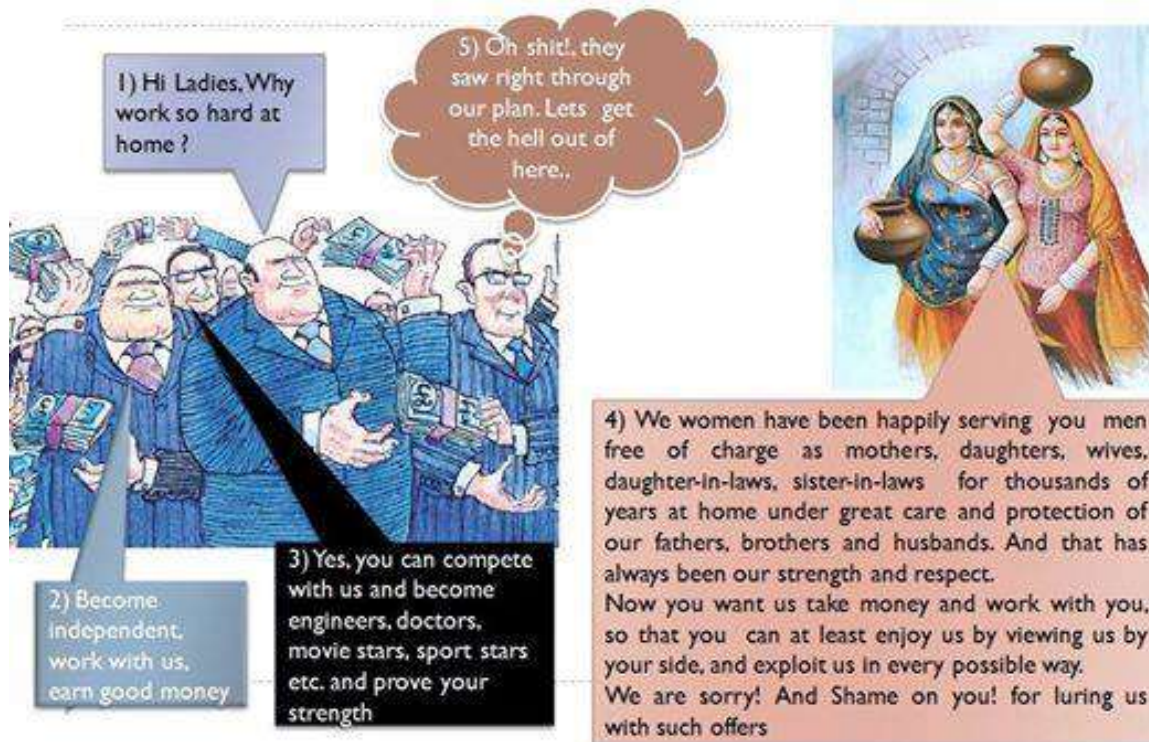

American and western women have had many (2 to N), sexual partners by the time they get married, and so they are unable to remain committed to one man, which is one reason why the divorce rate is so high.

The fact is, the more men that a woman has had sex with, the harder it will be for her to remain committed to just one man.

9. GOD HAS ALREADY WARNED YOU THAT SHE DOES NOT DESERVE TO BE INDEPENDENT - NOW SUFFER!

This is an obvious fact. Women do not possess the same powers of discrimination that men do. This is why we find very few, if any, women in positions in science, mechanics, and other fields which require real thinking.

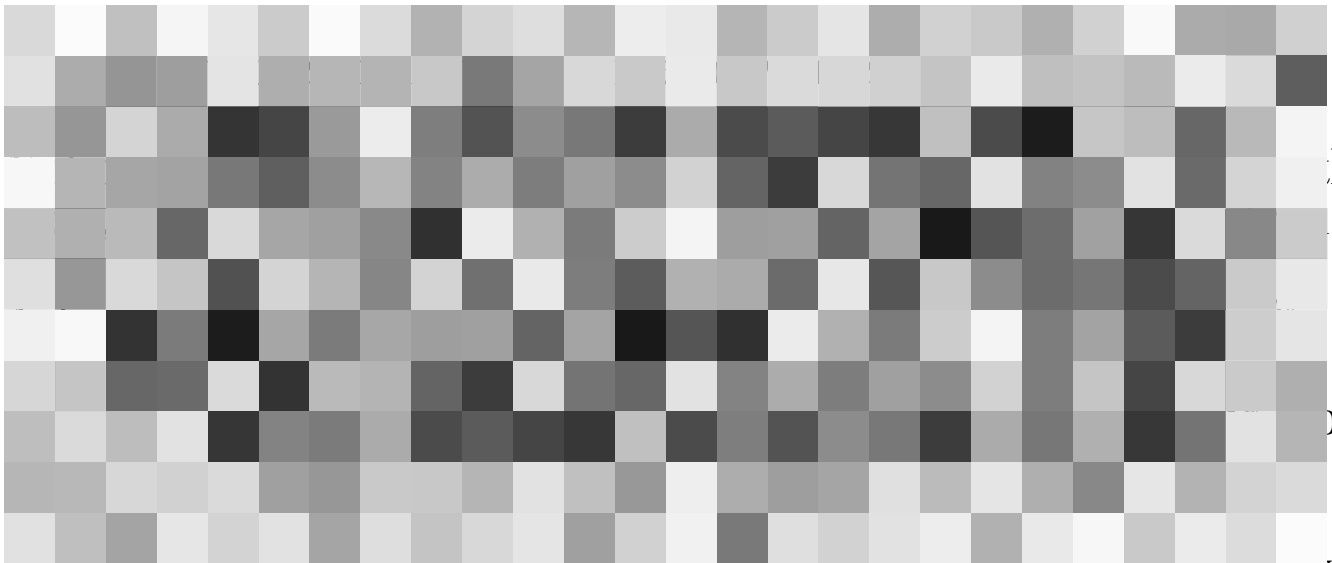

not intelligent and do not possess discriminatory intelligence is in the very fact that they supported feminism in the first place without realising the long-term consequences of it.

50 years after the feminist revolution, most women have become disgusting human beings, and many men now want nothing to do with them and refuse to marry them. And these

Basically, modern women have been given too much freedom, and now they are like a bunch of wild, uncontrollable animals.

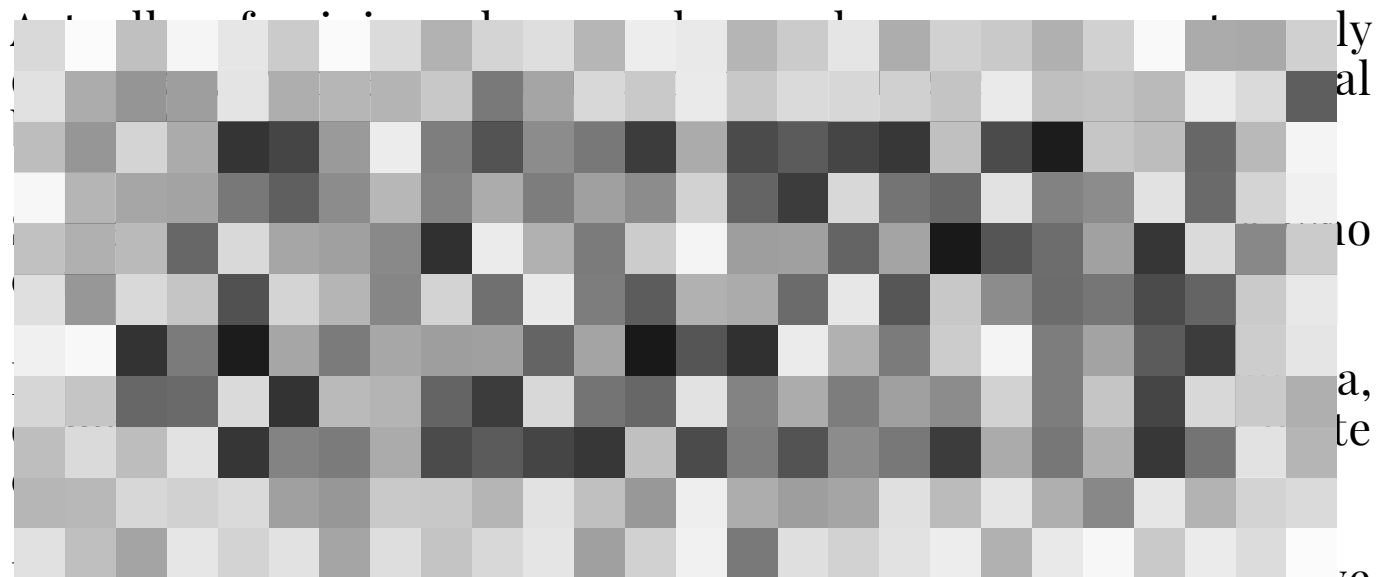

Modern women have been given freedom, and now they have turned into a bunch of immature, selfish brats who throw temper tantrums whenever something doesn't go their way.

10. THE IMPACT OF WOMEN'S LIBERATION AND FEMINISM ON SOCIETY

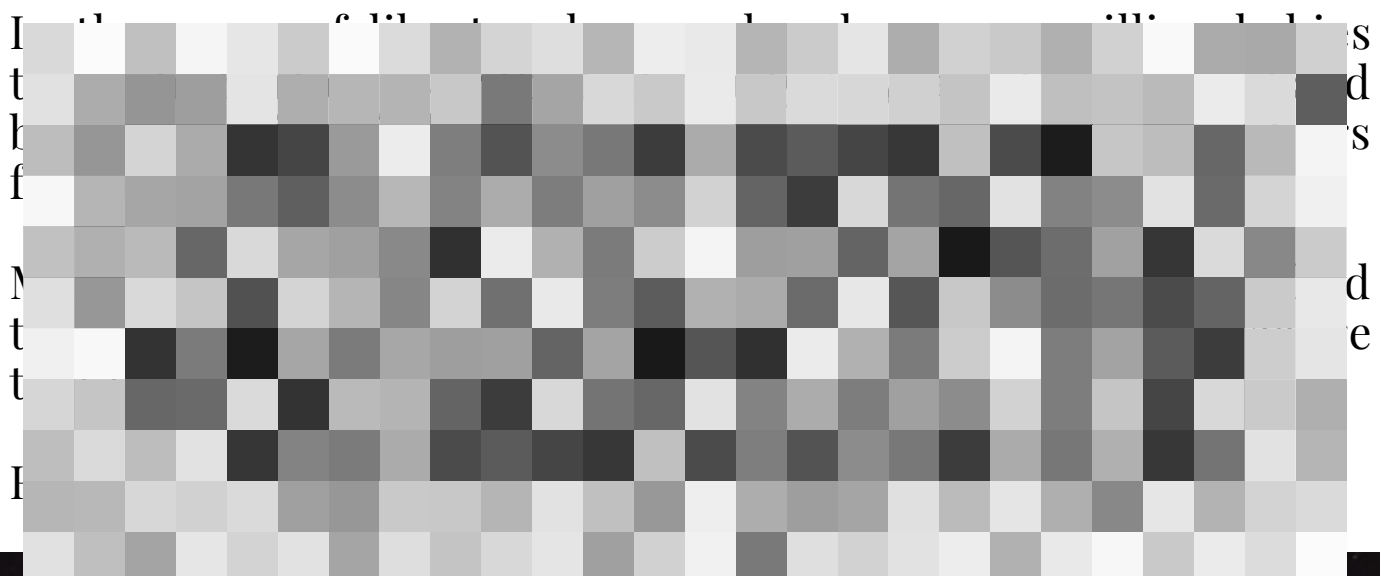

Feminism has brainwashed modern women with man-hating attitudes, which is why modern women are constantly verbally and physically abusing their husbands and indulging in extramarital affairs.

Modern women, on the other hand, can call the police and have their husbands arrested because of zero-tolerance abuse laws, even if the accusation is false.

There is a lot of talk about women's emancipation. If you examine her closely, you will discover that she is a slave to her appetites, fashions, and the dollar.

HOW TO TREAT YOUR WIFE

Cherish her as a gift from God, and let the kindness of your actions endear you to her heart.

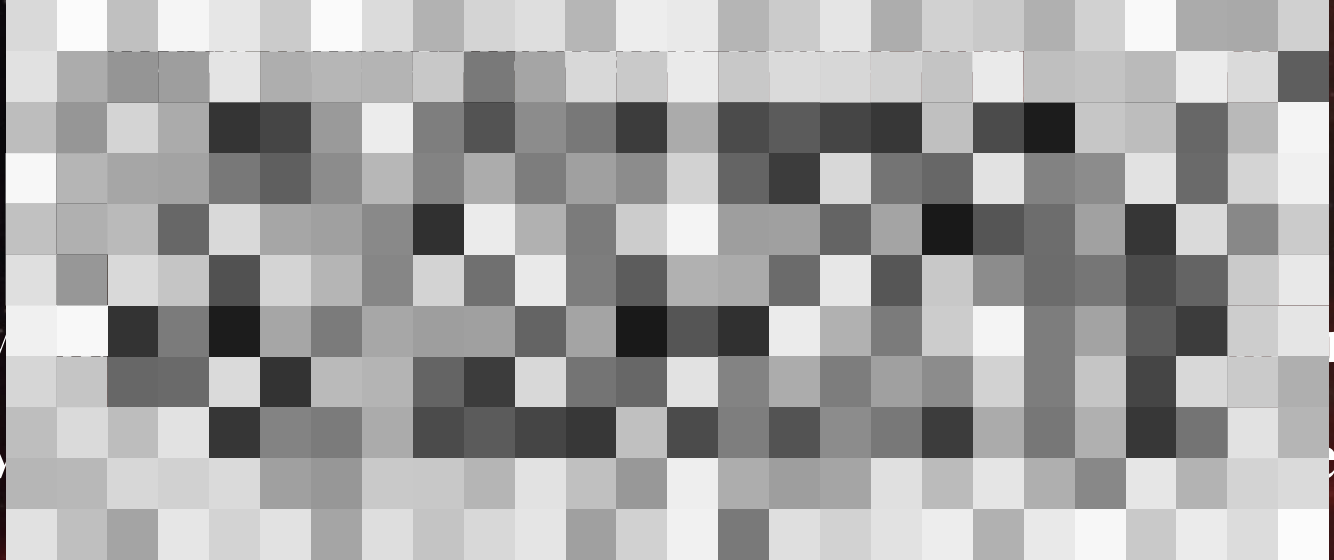

When pain and sickness attack her, Let your tenderness soothe her affliction; a look of pity and love from you will alleviate her grief or mitigate her pain, and will be more effective than ten physicians.

Consider the tenderness of her sex and the delicacy of her frame, and be gentle with her weakness while remembering your own flaws.

So. men should enjoy their society with reluctance and detachment, not enthusiasm and attachment. A man will face destruction if he acts otherwise. Wise people should not pursue women in particular,

WHY IS A GOOD WIFE SO VALUABLE?

Even the base of a tree is one's own home if one lives with one's spouse as a companion. A palace is a desolate wilderness

There is no better refuge than one's wife. In acts undertaken for the acquisition of religious merit, there is no better ally in the world than the wife.

3. What only married men know that unmarried men don't know about female nature?

Sastra declares that sexual union is not a woman's duty. She can be as aggressive and unabashedly does not have to submit. She then becomes the duty and responsibility of the man. But woe is it to the husband if he is not satisfied. Then disappointment, dissatisfaction, subtly directed towards the husband. If not timely remedied, then disaster enters into the picture, which is due to insufficiently being able to satisfy his wife, which are extreme.

MEN'S MENSTRUATION

when women love a man and live with him enough, slowly, slowly her body rhythm becomes very harmonious. So when she has her menstruation, that creates real trouble. Both are depressed, both are in despair.

In other words -

When you have long enough sex and live with him for many years your body gets in rhythm with his partner and creates a cosmos. It has no physical expression, for even when he has been aware that man also goes through menstruation. He has to, because he and she are part of the same nature.

A man also, for four or five days each month, enters into a dark hole. He cannot even do his work. Menstruation is only emotional - he experiences the same emotions that women pass through during their period.
